Circular

Sub: Organising of sports events on regular basis in SKUAST-J.

Sports are crucial for promoting physical and mental health, developing life skills, and fostering social connections, benefiting individuals and communities alike. SKUAST-J has over the recent times developed a number of sports facilities in both the Chatha and R.S. Pura campuses. In order to train our students for national and international events in sports, regular sports activities are required to be organized.

All the officers of the University are requested to project names of the students under their respective faculties/institute who intend to play any game available in the University.
