Subject: Sensitization Drive for Induction into Air Force NCC – Second Batch

As you know, the University has entered its second year of Air Force NCC, and we proudly wish to induct the second batch of cadets. A University-level sensitization and motivation drive is being organized across faculties of both campuses.

The **Caretaker Officers (CTOs)** will conduct sessions to create awareness about the scope, benefits, and responsibilities of joining NCC. Interested students may contact to the following CTOs for details for **physical test** will be held to shortlist candidates meeting the required standards and showing the zeal to join.

We look forward to enthusiastic participation from all faculties to strengthen the University Air NCC Unit and provide students an excellent opportunity for leadership, discipline, and national pride.
